

STATEMENT OF PURPOSE

RS22885C1

This resolution recognizes the intense tie between education and workforce development and on to business growth and success. It calls on the Directors of Commerce and Labor with the cooperation of the State Board of Education convene a working group composed of both industry and education to develop policy recommendations to strengthen the link between education and workforce needs.

FISCAL NOTE

None. Both Labor and Commerce have existing resources in this area, and the private participants serve without compensation.
